

《流体力学年鉴》2010 年第 43 卷目录
Annual Review of Fluid Mechanics, Volume 43, January 2010

管流向湍流转捩的实验研究 Experimental studies of transition to turbulence in a pipe	T. Mullin	1–24
鱼游和鸟类/昆虫飞行 Fish swimming and bird/insect flight	Theodore Yaotsu Wu	25–58
波湍流 Wave turbulence	Alan C. Newell, Benno Rumpf	59–78
高速边界层的转捩与稳定性 Transition and stability of high-speed boundary layers	Alexander Fedorov	79–95
沉积的起伏及其不稳定性 Fluctuations and instability in sedimentation	Élisabeth Guazzelli, John Hinch	97–116
激波与泡沫的相互作用 Shock-bubble interactions	Devesh Ranjan, Jason Oakley, Riccardo Bonazza	117–140
内部生理流中的流固耦合 Fluid-structure interaction in internal physiological flows	Matthias Heil, Andrew L. Hazel	141–162
高速流的数值计算 Numerical methods for high-speed flows	Sergio Pirozzoli	163–194
造纸的流体力学 Fluid mechanics of papermaking	Fredrik Lundell, L. Daniel Söderberg, P. Henrik Alfredsson	195–217
湍流的拉格朗日动力学和速度梯度张量模型 Lagrangian dynamics and models of the velocity gradient tensor in turbulent flows	Charles Meneveau	219–245
主动流动控制的作动器 Actuators for active flow control	Louis N. Cattafesta III, Mark Sheplak	247–272

在几何约束条件下溶解的聚合物分子的流体动力学

Fluid dynamics of dissolved polymer molecules in confined geometries Michael D. Graham 273–298

非结构网格方案的离散守恒性

Discrete conservation properties of unstructured mesh schemes J. Blair Perot 299–318

全局线性不稳定性

Global linear instability Vassilios Theofilis 319–352

高雷诺数壁湍流

High-Reynolds number wall turbulence Alexander J. Smits, Beverley J. McKeon, Ivan Marusic 353–375

磁流体湍流的尺度相互作用

Scale interactions in magnetohydrodynamic turbulence Pablo D. Mininni 377–397

流动中的光学粒子表征

Optical particle characterization in flows Cameron Tropea 399–426

风能转换的空气动力学问题

Aerodynamic aspects of wind energy conversion Jens Nørkær Sørensen 427–448

扑动和弯曲物体与流体流动的相互作用

Flapping and bending bodies interacting with fluid flows Michael J. Shelley, Jun Zhang 449–465

动脉树中脉冲波的传播

Pulse wave propagation in the arterial tree Frans N. van de Vosse, Nikos Stergiopoulos 467–499

哺乳动物的精子游动：观察与理论

Mammalian sperm motility: observation and theory E.A. Gaffney, H. Gadêlha, D.J. Smith, J.R. Blake, J.C. Kirkman-Brown 501–528
